INTRODUCTION

OLIVERA landscape Company L.L.C (“OLIVERA”) is a well-recognized turnkey landscaping company specializing in the engineering, design, construction and maintenance of large and complex landscaping projects throughout the State of Qatar.

Olivera’s renowned reputation for excellent service, timely and on budget completion delivery, high level of professionalism, as well as having regard for cultural and environmental concerns, has made Olivera one of the leading choices of Qatar’s Governmental Agencies, Private Institutions and Individual Citizens.

The Company was established in 2020 and the name was taken from the Olivera plant is a succulent plant species from the genus Aloe. It grows abundantly in tropical climates and has been used for centuries as a medicinal plant, It contains healthful plant compounds, It has antioxidant and antibacterial properties.

Some of Olivera’s long list of satisfied clients include Ministries, Governmental entities, stadiums, sports federations, hotels, the main contractors the Department of Public Parks, Petroleum sectors, as well as different municipalities.

Olivera believes that exterior design such as landscaping is as important as the interior, because it is the first impression your visitors get when they enter your home, company or commercial corporation.

As of today, as a result of excellence in delivering landscaping services to the client, the company has expanded its industry by offering challenging roles in its portfolio - mainly in the field of design, construction and maintenance, water features, outdoor lighting, public parks, gardens and property management services among others.

OLIVERA LANDSCAPE ACTIVITIES

Landscape construction is everything in the landscape that is NOT planting, that is effectively not alive. That does not grow and, with minor exceptions, that does not change form after the job's completion. What you see is usually what you get - as opposed to the diversely fluid life span of the planted garden.
